

## **Call for Participation**

We invite you to join us in **10th International Conference On Civil Engineering (CiViE 2026)**

10th International Conference On Civil Engineering (CiViE 2026) serves as a premier global forum for the presentation and exchange of the latest advances in civil engineering theory, methodology, applications, and emerging challenges. As the field continues to evolve in response to technological innovation, environmental pressures, and societal needs, CiViE 2026 aims to highlight research that makes a fundamental and lasting contribution to the development of modern civil engineering.

The conference brings together researchers, academicians, industry professionals, and practitioners from around the world to share cutting edge developments, innovative solutions, and transformative ideas. It provides a dynamic platform for discussing practical and theoretical results, fostering collaboration, and exploring the future directions of the discipline.

## **Highlights of CiViE 2026 Include:**

- 10th International Conference on Biomedical Engineering and Science (BES 2026)
- 10th International Conference on Chemical Engineering (CHEME 2026)
- 13th International Conference on Mechanical Engineering (Meche 2026)

## **Registration Participants**

Non-Author/Co-Author/Simple Participants (no paper)

**100 EURO for Online (Without Proceedings)**

**490 EURO for Face to Face (With Proceedings)**
